Virtual Radiologic Named to Inc. 500 List of Fastest-Growing Private Companies

Makes Health Industry Top 30; Ranked Seventh Fastest Growing Private Company in Twin Cities

MINNEAPOLIS, Minn., Aug. 28, 2007 - Virtual Radiologic Corp., a leading national provider of teleradiology services, today was named to Inc. magazine's 2007 Inc. 500, a compilation of the 500 fastest-growing companies in the United States.

Citing the company's annual revenue growth from \$5.9 million in 2003 to \$54.1 million in 2006, Inc. magazine ranked Virtual Radiologic as the 29th fastest-growing private health company in the nation and the seventh fastest-growing company in the 11-county Twin Cities metropolitan area. Overall, Virtual Radiologic ranked #326 on the Inc. 500.

Virtual Radiologic joins the ranks of Microsoft, CompUSA and Oracle, which were all members of the Inc. 500 at one time. The 2007 Inc. 500 list measures revenue growth from 2003 through 2006. To qualify for the Inc. 500, companies must be U.S.-based and privately held; not subsidiaries or divisions of other companies as of Dec. 31, 2006; and have revenues of at least \$200,000 in 2003 and \$2 million in 2006.

Since Virtual Radiologic's founding in 2001, the number of affiliated radiologists providing teleradiology services through the company has grown to 113. During this time, Virtual Radiologic has also greatly expanded its client base, which now includes more than 420 practices serving 737 medical facilities nationwide.
